4.0 NOTES

Noticable features:-

- No DJ Battle level on 1 player.
- Great, Good, Bad and Poor ranking system
- A combo can be obtained.
It is lost when a good or bad is awarded or a note has been missed.
- No free zone scratching areas.
- On FREE MODE all of the usual features such as Battle, Random and Mirror can be chosen.

As far as I know this version of Beatmania is only available in Europe and the seven extra songs are not on any other version. However, I could be wrong. Please let me know if I am.
