2)Introduction

I made this guide is to help you to beat the game and I do not responsible if some strange things happen if you use this guide.

Anyway,this guide is totally free.If you found any other codes, please e-mail me or leave a message in GameFAQ's message board.

Please tell me too if you found some codes are not working correctly.

You can only get this FAQ at:

1) www.gamefaqs.com

2) www.

One week ago I received some e-mail. They asked me to give them ZSNES emulator and rom. My advise to you is DON'T ever send that kind of e-mail again. you should find what you want by yourself. Besides, giving rom to you is illegal.

3) PAR Codes (Pro Action Replay Codes)

You must have ZSNES emulator to get these codes work.
